Wypowiedź 1.

I love getting presents! My parents usually buy me computer games or books. I like these presents but this year I would like to get something different. My dream is to get a camera. Then I would take photos of my family and friends.

Wypowiedź 2.

Bicycles, cameras or computers are the most popular presents among my friends. But I think these presents are too expensive. This year I asked my parents to buy me a football. It's a really cheap present and I will have a lot of fun playing football with my friends.

Wypowiedź 3.

What kind of present would I like to get? A book, of course, because I love reading, especially about the lives of famous footballers. I also like giving presents. This year I'm going to give my mum a photo album and my dad – a computer game.

Wypowiedź 4.

All my friends dream of getting fast new computers from their parents. But I'm not interested in computers or computer games. I want to get a new bike as a present, because I love sport.
